📍 Fresno, CA

SUMMARY

A rising LAMP stack WordPress developer with 1.5 years of experience in WordPress website creation and plug-in implementation. Experience working with a pod of developers, designers, and managers that utilized the Scrum framework when working on projects for clients.

EXPERIENCE

Wordpress Developer Apprentice

AlphaWorks

📅 06/2021 - Ongoing 📍 Fresno, CA

Technology, Information and Internet

Alphaworks is a subsidiary company to Bitwise Industries that specializes in giving people looking to break into the tech industry an opportunity to work on real projects with a team and learn the field.

- Developed and designed many websites with Wordpress
- Used a combination of JavaScript, jQuery, PHP, and the Bootstrap framework to create plugins for Wordpress websites
- Participated in sprints that used Scrum
- Co-taught classes that brought up other students looking to pursue knowledge in web development

Quality Control Manager

The Brownie Baker

📅 2016 - 2021 📍 Fresno, CA

The Brownie Baker is a wholesale manufacturer, specializing in the distribution of prepackaged pastries.

- Managed a team of quality technicians
- Ensured products were safe by testing for pathogens, pH levels, water activity and moisture levels
