## Web Developer

[Email](#)[Portfolio](#)[Fresno, CA](#)

## SUMMARY

---

I am a rising LAMP stack WordPress developer with 2 years of experience in WordPress website creation and plug-in implementation. Experience working with a pod of developers, designers, and managers that utilized the Scrum framework when working on projects for clients.

## EXPERIENCE

---

### Software Developer *Bitwise Industries* 11/2022 - Present Fresno , CA

Served as a software developer for Bitwise Industries, a company that creates technology solutions in digital product development by leveraging a diverse workforce from underestimated backgrounds.

- Developed and designed websites with Wordpress
  - Used a combination of JavaScript, jQuery, PHP, and the Bootstrap framework to create plugins for Wordpress websites
  - Participated in sprints that used Scrum
- 

### Wordpress Dev Apprentice *AlphaWorks* 06/2021 - 11/2022 Fresno , CA

Received on-the-job training for Wordpress development with AlphaWorks, a subsidiary of Bitwise Industries that specializes in giving people looking to break into the tech industry.

- Studied PHP and JavaScript under senior developers
  - Worked with apprentice lead to share knowledge with other apprentices
  - Co-taught classes that brought up other students looking to pursue knowledge in web development
- 

### Quality Control Manager *The Brownie Baker* 2016 - 2021 Fresno , CA

Managed food safety at The Brownie Baker, a wholesale manufacturer, specializing in the distribution of prepackaged pastries.

- Managed a team of quality technicians
  - Ensured products were safe by testing for pathogens, pH levels, water activity and moisture levels
-
